

# S-Electro GR

Gravel | E-Gravel | Alloy | 700C

# €2.999,00

With its roots in gravel, the S-Electro GR encourages exploration without reservation. Going further and doing more, is not a question of if, but when. Fitted with a Bafang M800 drive unit, it offers the best of integration, while maintaining minimum weight compromise. Complimented by 11-Speed Apex, the drive system boasts 200W mid-drive power with variable assistance modes. Accommodating up to 4 bottle cages, fender and rack mounts, the S-Electro GR is equipped for any journey.
